

LISTENING ROADBLOCKS

DESCRIPTION & DIRECTIONS :

- Each square contains information items. Identify five (5) major listening roadblocks to effective communication.
- When the game begins find ONE PERSON whose ONE BOX matches yours. Have them write their name below your answer. Find another person. See if that person also has a matching box. You may not match in more than one square with the same person. Instead, converse, communicate, and connect with as many people as possible.
- With five (5) matched squares, in any direction with different names, you have “BINGO.” Shout “B-I-N-G-O!!”

YOUR NAME

Ignoring Speaker 	Lack of training 	Never Taught 	Evaluating 	Mind Reading
